WINTER ENRICHMENT CLASSES

If you or someone you know has a skill or talent the NB Rec. Dept. is looking to set up and offer some different types of enrichment classes this winter for the kids and/or adults in North Berwick. The Rec. Dept. is willing to work together with you to make this happen. We have a program where we work with you to organize and implement your classes. It can be a one time class or a series of classes. You think up the plan for your class and the Rec. Dept. will help advertise it, give you usage of the NB Community Center to hold your classes and our insurance coverage. All of that for only a 10% fee of what you charge for your class. We think it is a win-win situation for everyone. You can make some money, we create more programs and the kids and adults have something to do during our long New England Winters. Please contact me if you are interested in doing something.
